

Insuring items \$50,000 and over

Q Report Jewellery Insurance gives Q Certified Jewellers the authority to provide immediate insurance cover for items valued less than \$50,000.

Items \$50,000 and over require approval from our Underwriter.

First Step - Questionnaire

Due to the value of the item, your client will be required to speak to a member of the Q Report team in order to complete a series of questions relating to home security measures and travel arrangements etc.

Your client can either contact Q Report when convenient on 1300 882 018 between 9am and 5:30pm on Monday to Friday (AEST), or alternatively, please advise our office and we will contact your client directly in order to complete the questionnaire.

Second Step - Approval

The information obtained will then be provided to our Underwriter (Chubb Insurance Australia Limited) for approval. This process can take up to 24 hours. **We will notify you of the decision as soon as we are advised by the Underwriter.**

Final Step - Q Report Complete

Once approval has been obtained, the Q Report can then be completed by Head Office and your client can have absolute confidence to wear and enjoy their jewellery.

Protect the things you love.
